

Ready to empower your workforce? Spaces are limited, secure your spot today!

Limited Time Offer – Are you ready to future proof your business? **Register NOW** for the fully funded digital twin training offered by the Ontario Chamber of Commerce. Boost efficiency, cut waste, and stay competitive by creating a virtual twin of your farm, greenhouse, operations facility, production lines or machinery. This program is open to businesses in **Agriculture, Food & Beverage Processing, Manufacturing, and CleanTech**.

What Are Digital Twins?

Think of a digital twin as a high-tech, real-time virtual “mirror” of your facility. These virtual replicas provide businesses with a competitive advantage in many areas, some of which include:

- predictive maintenance
- improved yields and animal health
- optimization of soil health & fertility
- finding new product categories and testing product ideas
- training new staff with VR replicas of facilities
- monitoring facility security
- testing additional machinery placement and effect on workflow
- keeping food safer and fresher during storage and transport
- monitoring quality control
- assembly and production line optimization
- lifecycle management

Program Highlights

- **Fully funded** 12-weeks online training valued at \$10,000 USD (One 3 hour live training session per week, over 12 weeks)
- **Fully funded** 1 year industry level license from Unity valued at \$5,000 USD

We are currently filling cohorts for the following dates:

- December 1st, January 8th, January 13th

To register- Enroll Now while spots are available: <https://occ.ca/programs/seeding-digital-skills/>

While placements are available - Registrants enrolled in the Seeding Digital Skills program will also have an opportunity to access a reserved placement in our Student Work Placement Program! This program provides employers hiring eligible post-secondary students (in co-op programs) on work placements, with subsidies of up to 50% of student wages (to a maximum of \$5,000).

Ready to empower your workforce? Spaces are limited, secure your spot today!

This program is funded by Upskill Canada, powered by Palette Skills, and the Government of Canada.
